

## ASK A DENTAL EXPERT

PROFESSOR ANDREW  
EDER, CONSULTANT IN  
RESTORATIVE DENTISTRY  
(WWW.RESTORATIVE-  
DENTISTRY.CO.UK)

**Q** *Is teeth whitening  
a safe procedure?*

MARY, HULL

**A** Tooth whitening kits bought online or from non-professional sources risk burns to the gums and lips as well as actual damage to the teeth. I'd always advise opting for professional whitening from a qualified dentist who has experience of this safe, useful and non-invasive technique.
